CARLISLE
Foodservice Products

A. Top Notch Food Pans.

Top Notch Food Pans meet specifications for use in food bars and steam tables. "Easy Lift Spoon Notches" at each end of food pan for easy removal from steam tables and recessed counters. Easy lift notch reduces direct hand-to-food contact for greater food safety. Meet EN 631-1 Euro Norm standards for inter-stacking with existing pans. New Universal Lids fit Top Notch Food Pans as well as other major brands. Available in standard sizes, Universal Lids fit both gastronorm and standard size food pans. Carlisle lids stack with themselves for easy storage. Available in polycarbonate or high heat material. Dishwasher safe. NSF.

A

A. NSF Certified Manual Can Openers.

Openers that will keep up in a demanding kitchen. Model S-11 is the premier NSF manual can opener on the market. Opens most shapes/size cans up to 14" tall. Standard cast S/S base, S/S clamping base optional. Dishwasher safe, 5 year warranty. Easy to change knife and gear assemblies. Model G-2 is a NSF version of the light duty #2; features S/S shaft, easy to change S/S knife and gear. The melonite arbor and redesigned plated steel base reduce friction, making the unit easier to use. The U-12 models are similar in construction to the G-2, but are closer in size and design to the S-11. Both U and G models have quick change knife and gear assemblies.

C

C. TRS Vegetable Cutters.

Guaranteed to cut your prep time. The new and improved TRS vegetable cutter has an increased hopper for more input and quicker output of processed vegetables; can process up to 850 lbs. per hour. The large selection of 32 cutting blades makes it possible to realize more than 80 different types of cuts without being an expert chef. New stainless steel lever arm and hopper, and plastic components in contact with food are dishwasher friendly. Self-braking motor stops automatically when hopper and lever arm are raised. Smooth surfaces and rounded corners make cleaning easy.

E

E. QuickFit® Disposable Poly Gloves.

For every operation with a need for speed. Put on gloves 10 seconds faster with our unique QuickFit System. Puncture-resistant poly gloves offer long cuffs that cover the entire hand and part of the arm, providing much better sanitation than waxed paper sheets. Blue in color, the gloves are easy to identify for task-specific use and help prevent cross-contamination. Plus they are NSF certified to assure they are safe for food contact. With a variety of dispensing units to choose from, the system allows you to put gloves exactly where you need them.

F

F. DRS Series Dual Compressor Refrigeration Systems.

DRS systems allow the remoting of multiple refrigeration units used in walk-ins, reach-ins and other refrigerated equipment to one system. Benefits include reductions in inside heat, air conditioning load and noise levels. Features include:

- Pre-wired electrical panel with one-point connection and disconnect switch
- Common base and frame assembly
- Standard galvanized finish with optional stainless steel finish

Contact us about our full range of systems including multi-compressor and rack systems.

A. Walk-Ins.

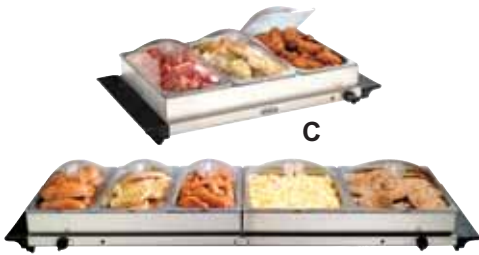

Thermalrite Walk-ins are engineered and built to your exact dimensions and specification. Custom designs; indoor, outdoor, angles, rectangles are all available in a variety of finishes and in thicknesses of 4, 5 or 6 inches. With panels up to 30 feet in length, these walk-ins are ideal for any application. High density foam rail and foam-in place bonding equals strong panels. Nationwide installation available. Three plants to serve you—California, Minnesota and Tennessee. *Contact us for more information.*

B. Drawer Warmers.

Keep heated foods at serving temperature. Each drawer fully insulated with its own thermostatic control. Holds all standard steam table pans to 6" deep. Easy to clean-completely removable drawers. Cordset with freestanding units. Overall dimensions: 29 1/4"Wx21 1/2"D. Available in 120V or 208/240V. Specify voltage when ordering. Built-ins also available. Also available in narrow widths—only 20 1/4" wide.

Model	Description	Each
RW-1HD	Hvy Duty 1 Drawer, 120V	\$1,054
RW-2HD	Hvy Duty 2 Drawer, 120V	\$1,796
RW-3HD	Hvy Duty 3 Drawer, 120V	\$2,500

C. Buffet Servers.

Keep prepared foods HOT and READY TO SERVE with Cadco Buffet Servers. Features high-tech stainless warming surface. Adjustable thermostat 155°F to 205°F. Cool-touch handles. Stainless pan holder(s) with clear polycarbonate lid and utensil slots; base can be used as a warming tray. Four non-skid feet. Easy to clean stainless finish. Safety signal light(s). One year warranty. A variety of configurations are available to meet your every need. UL, CUL listed. 120V. Models WTBS-3P and WTBS-5P shown.

Model	Description	Each
WTBS-2P	Includes 2 Half Size Pans, 20 1/2"x14" Warming Surface, 300W	\$192
WTBS-3P	Includes 3 Third Size Pans, 20 1/2"x14" Warming Surface, 300W	\$192

F. Transport Cabinets.

Built extra-strong to withstand the rigors of transporting bakery and food service products. A welded bottom ensures rigidity as well as permits forklift loading and unloading. Heavy duty plate casters promote easy mobility, and with many sizes to choose from, storage space will never be a problem. Piper's Superior Foundation featured on our toughest racks: Two 12 gauge aluminized steel reinforcing channels support our .090" thick aluminum bottom panel. The edges are formed and rolled to create a built-in bumper and heavy duty plate casters make this the strongest foundation in the industry.

E. Lifetime Series - Bun Pan Rack.

The Lifetime series withstands the abusive transportation and storage needed in institution, correctional and hotel use. NSF certified all welded construction. Features ergonomically friendly "D" radius uprights and 6"x2" casters. Lifetime warranty.

C. Waste Xpress Food Waste Reduction System.

The Waste Xpress by InSinkErator helps you reduce labor and waste handling costs while increase kitchen efficiency. The kitchen waste, consisting of food and non-food items is ground into small particles in the disposer grind chamber. This ground waste is then transferred to the dewatering unit where the liquids are extracted and sent down the drain line, the compressed waste is then dispensed through the chute into a standard 10-gallon trash can. This reduces the volume by 85%. Model WX300-18-A **\$13,445 Ea.**

D. Point of Purchase Faucets.

Designed to meet the rigorous needs of today's commercial kitchens. All Fisher faucets have stainless steel seats guaranteed for life, with 2 part swivel stems for lower maintenance. EZ-Install adapters allow you to replace any major brand without removing the sink from wall, replace a faucet within minutes. Model 64769 shown.

E. High Temperature Under-counter Dishmachine.

Front loading design for sparkling clean dishes—30 racks/120 covers per hour. Built-in detergent and rinse chemical pumps assures proper chemical usage. Pump drain system allows for multiple installation, including elevated drains. Safe-T-Temp feature assures 180°F final sanitizing rinse. Built-in 4kW booster heater and 2kW wash tank heater. Top mounted detergent and rinse-aid prime switches. Door safety switch and extended wash cycle switch. Removable stainless steel wash and rinse arms allow for easy cleaning. Includes (1) peg and (1) flat rack. 208/230V. Single phase. Energy Star approved. Model UC65E **\$3,192 Ea.**

F. Low Flow Spray Valves.

Water conserving spray valves meet EPA standards and are in full compliance of the mandated legislation guidelines. EPA 2005 mandates all commercial pre-rinse spray valves have a flow rate of not more than 1.6 gpm at 60 psi when used with commercial dishwashing and warewashing equipment. Updated internal components make the NEW Ultimate B-0107C flow at .65 gpm! Fast-rinsing and EPA compliant B-0107, B-0108 and B-0108C spray valves offer power and efficiency with flow rates of 1.42 gpm, 1.48 gpm and 1.2 gpm respectively.

Model	Description	Each
B-0107	1.42 gpm Spray Valve	\$54.70
B-0107C	.65 gpm Spray Valve Improved	\$54.70
B-0108	1.48 gpm JeTSpray Valve	\$81.10
B-0108C	1.2 gpm JeTSpray Valve	\$81.10

A. Wall Hugger™ Receptacles & Dolly.

Continental has updated the look of the Wall Hugger, creating a sleek and attractive design. Holds 23 gallons of waste, but protrudes less than one foot from the wall. The expanded line includes a version with built-in handles which provide ease of transport and a secure area to grasp when lifting and dumping. Can also be matched with their color-coded Recycling Lids making identification easier, which encourage users to sort their recyclables. Adding the new Quad Collection Dolly creates a complete mobile waste collection system. Compatible with (7325) Drop Shot Lid, (7318) Push Door Lid or our new (8320) Wall Hugger Dolly.

Model	Description	Cs.	Pk.	Each

E. Pest-Pro Silent Fly Traps.

The ideal solution for eliminating pesky flying insects in your restaurant, supermarket, retail store, hotel, resort or any location you want to rid of annoying flying insects. Flying insects are attracted to high intensity UV lights, but unlike traditional, noisy bug zappers, flies are silently captured by the adhesive boards hidden inside. With four models to choose from, Curtron offers fly traps for any location. Series 100 covers 900 sq. ft.; Series 200 covers 1500 sq. ft.; Series 300 covers 1800 sq. ft. and Series 400 covers 3500 sq. ft. UL/USDA/FDA approved. Adhesive panels and light bulbs are simple to replace and are available for each unit.

Model	Description	Each
100	Covers 900 Sq. ft., 15 watts, 24Lx10Hx5D (Gold or White)	\$155
200	Covers 1500 Sq. ft., 30 watts, 19Lx10Hx3.5D	\$215
300	Covers 1800 Sq. ft., 80 watts, 18Lx10Hx6D	\$272
400	Covers 3500 Sq. ft., 80 watts, 49Lx10Hx6D	\$455

B. Brooms & Mops.

Scrubble's assortment of brooms and mops will sweep you away. Natural Fiber Corn Brooms constructed of 100% corn fiber. Or choose blends, which are made up of corn fiber on the outside and stiffer Yucca fiber on the inside. Angle Brooms constructed of flagged synthetic filaments are perfect for retail stores, foodservice, offices and general cleaning. Each broom comes protected with a poly sleeve. Available in full upright or shorter lobby type. Scrubble's Rayon and Blend Mops are very durable and provide quick absorption. Choose wood handle or high strength fiberglass. Each features non-corrosive hardware.
